Title III of the Older Americans Act of 1965 as amended and the Social Services Block Grant authorize the Area Agency on Aging to provide an array of support services to older Mississippians 60 years of age and above. The Area Agency on Aging has been designated as the oversight agency to ensure that services are provided based upon the objectives in the area plan. Therefore, providers are needed to perform services for older Mississippians who are in the greatest social and economic need.

### **Programmatic Requirements:**

Homemaker services are to be provided to Mississippians who are sixty (60) years and above with a level II score of twenty two (22) or above on the Consumer Information Form, indicated as Attachment H to this proposal package.

The geographic areas wherein these homemaker services will be provided are all the counties within the Southern Mississippi Area Agency on Aging service area. This includes the following counties: Covington, Forrest, George, Greene, Hancock, Harrison, Jackson, Jefferson Davis, Jones, Lamar, Marion, Pearl River, Perry, Stone and Wayne.

Homemaker services must be provided in the home of the client.

Homemaker services are supportive services provided in the home by a trained homemaker that involves education and/or provision of home management duties to assist in strengthening family life, promoting self sufficiently and enhancing quality of life.

The primary objectives of the homemaker service are as follows:

- To ensure that clients can live in their homes as long as possible without being institutionalized.
- To ensure that each homemaker client's home is clean, each client has access to well balanced, nutritious meals daily and various other home management tasks.
- To ensure that each client's home is safe from hazards.

### **Special Requirements:**

Homemaker services must be provided in compliance with the Quality Assurance Standards, which are indicated as Attachment B to this proposal package.

**Match Requirements:**

**\* The amount of match to be provided to the AAA by Counties, Cities or other sources is undeterminable at this time.**

The percent of non-federal match required on the federal funds that will be used to pay for services is as follows for the source of funds and service indicated:

<u>Source of Funds</u>	<u>Percent of Match</u>
Title XX/SSBG	25%

**This match is to be provided by the proposer.** The match may be in the form of cash from local resources (non federal) such as funds from cities and counties or from funds earned by the proposer. In-kind match may also be used to meet the match requirement. In-kind match is derived from donated expenditures that if the items were not available at any cost, expenses would have to be paid in order to provide the service. For example, if volunteers are available for the homemaker service, the fair labor market value of volunteer time or if building space is donated to house the homemaker staff, the fair rental value of the donated building space can be used as match on the homemaker service funds. Match is not required on client contributions/program income, which is addressed below.

Services must be targeted to low income, minority clients who are in the greatest social and economic need. As clients are referred for services and eligibility is determined, a waiting list must be maintained to ensure that the highest priority client is placed at the top of the waiting list.

Clients cannot be charged for services. However, each client must be afforded an opportunity to contribute to the cost of the service and the amount contributed must be kept confidential. A minimum of 1% of the total budget must be included as program income. Client contributions must be safeguarded in compliance with the Program Income Policy, which is indicated as Attachment D to this proposal package. Also, client contributions must be used to expand the service for which the contribution was made and must be expended first, prior to expenditure of federal and/or State or local funds.

Amount of funds allocated to this service for a one year period:

Title XX/SSBG      Federal \$260,000    Match \$86,667    Program Income \$3,466

Homemaker services are supportive services provided in the home by a trained homemaker that involves education and/or provision of home management duties to assist in strengthening family life, promoting self sufficiency and enhancing quality of life.

### B. Eligibility

Individuals 60 years and older with a level II score of 22 or above on the Consumer Information Form who cannot perform simple housekeeping tasks or need assistance in performing these tasks. Individuals 60 and older who have either functional, physical, or mental characteristics which prevent them from providing the service for themselves and who do not have an informal support network capable of meeting their service needs.

### C. Unit of Service

One (1) unit of service equals one (1) hour of direct service to, for or on behalf of the client.

### D. Minimum Program Requirements

All providers of homemaker services under Title III, SSBG or other funds through contractual agreement with an Area Agency on Aging must adhere to the following minimum program requirements:

    - b. Menu Planning and Meal Preparation – Work with the client and primary caregiver to find out what foods and menus the client needs; prepare a shopping list, plan the meals for a week, purchase groceries, prepare and serve the meal if needed, and put away groceries and other food items. - nutritious meal.

    - 7) Diseases such as AIDS, tuberculosis, pneumonia and other infections, communicable or contagious diseases and proper disease prevention techniques.
  - k. Health: Encourage healthy lifestyles with good habits of eating, dieting and exercising. The homemaker should be aware of the leading causes of death among the elderly such as cancer, strokes, diseases of the heart/heart attacks and others. Evidence suggests that heavy smoking, alcohol abuse, poor nutrition, improper exercise, and the lack of regular medical check-ups are associated with a variety of poor health conditions later in life.
  - l. Substandard Housing - The homemaker should have a basic knowledge of existing county and city housing codes and be aware of telephone numbers and process for making referrals for clients residing in substandard or inadequate housing.

2. Location of Service

Homemaker services are provided in the client's home.

3. Access to Services

- a. A client may enter the service system at any point through an appropriate referral.
- b. Priority shall be given to serving clients with the greatest need for the service.

Delivery Characteristics

The following guidelines represent the basis by which homemaker services shall be provided. These guidelines serve as minimum instructions.

The uniform must be the same in color, style, and design for all homemakers. It is left to the discretion of the service provider to supply the uniform or have homemakers to purchase one (1). A homemaker in a proper uniform has a professional appearance that makes the client feel more secure and enables the client to distinguish from other para-professionals entering the client's home.
- e. Badges - Homemakers shall wear an Identification (ID) Badge or picture ID which contains agency name, and homemaker's name and title. It is left to the discretion of the provider to determine how the badge is designed or obtained.

However, the homemaker shall handle the situation with diplomacy and tact but always refuse to participate in any sexual misconduct with the client.

Dangling jewelry such as earrings, necklaces and bracelets should not be worn; they can catch on bedding and furniture, or the client may pull on them and injure the homemaker. A ring may scratch the client or become lost during tasks in the home. If items are lost or damaged, the service provider or client is not responsible by the provider or client.
- l. Liability - The most important protection from liability for the homemaker is to do exactly what has been prescribed on the care or service plan or instructed by the homemaker supervisor. When the homemaker follows the care or service plan or instructions, the provider agency assumes responsibility for the homemaker's actions.
- m. Documentation - The homemaker shall write down on the record of contact any and all factual observations, contacts or visits with the client and actions or behaviors displayed by the client. This documentation is essential in determining if changes should be made in the care or service plan. It is also essential to show that certain tasks were performed on certain dates and time. Furthermore, the case record documentation is a valuable source of information in the event of legal action.

  - 2) The homemaker shall share copies of the Homemaker Activity Sheet on case-managed clients with the case manager.
- r. Termination of Homemaker Clients - Clients receiving homemaker services shall be terminated based on the following criteria:
- 1) Death;
  - 2) Relocation out of state or Planning and Service Area;
  - 3) Increased informal or formal support, or a relative moving in to care for client;
  - 4) Improved health status or condition;
  - 5) Client becoming abusive and belligerent, including sexual harassment;
  - 6) Client refuses service;
  - 7) Client reports that he/she no longer needs the service and is able to manage activities of daily living;
  - 8) Client is placed in a long term care facility; and
  - 9) Services are duplicated (e.g. homemaker and home health aide are providing the same service on the same days).

Any situation involving the above criteria must be reported to the homemaker supervisor and documented in the client's case record.

6. Training

- a. The homemaker provider agency is responsible for assuring that all homemakers and homemaker supervisors are trained and certified using an approved curriculum.
- b. The homemaker supervisor shall observe and evaluate the homemaker performing assigned tasks in the client's home annually.
- c. A homemaker or supervisor who has been trained and certified through another approved homemaker program using the approved Mississippi Homemaker Curriculum or a comparable curriculum is exempt from participating in the 40 hour curriculum training. **PROGRAM INCOME POLICY**

**I. SCOPE AND PURPOSE**

The purpose of this document is to transmit the policy regarding program income collection for services rendered with funds administered by the SMPDD Area Agency on Aging and the Division of Aging and Adult Services (herein called "DAAS"). A provision must be made for safeguarding program income contributed by the elderly clients served with aging funds in the most cost effective manner.

**II. REQUIREMENTS**

- A. Each service that is provided in a centralized location must have the following in place:
1. A lock box must be placed in each location where a service is provided which clearly indicates the service that the funds will expand, such as congregate meals, senior center and day care.
  2. The box must be kept locked at all times with a space at the top of the box through which contributions can be placed.
  3. The staff member who has access to the lock box on a daily basis should not have access to the key. The key should be maintained by a second staff member. A set time should be established, at least weekly, for the box to be accessed by both staff members and program income counted, and the amount certified by both staff members.
  4. Program income generated must be deposited on the same day that the lock box is opened. The form that is used by the two staff members to certify the amount of program income generated should then be attached to the copy of the bank deposit slip and forwarded to the appropriate fiscal officer to account for the funds. The bank deposit slip should clearly indicate the service that generated the program income.
- B. A mechanism must be in place to allow participants to contribute program income for each service funded through funds administered by the AAA and DAAS. When the service is not provided in a centralized location, a plan must be developed by each provider for soliciting and safeguarding program income contributions. Examples of these services include homemaker, respite, home delivered meals, etc.

- C. Program income must be expended first, prior to the expenditures of federal, state or local cash. Program income must be used to expand the service that generated the funds.
- D. The purchase of lock boxes for safeguarding program income is allowable. The cost should be charged to the service where the box will be used. For instance, a lock box purchased for a congregate meals site should be charged to the congregate meals project management funds.
- E. Program income generated by the nutrition program must be applied to the cost of the meal and will not be budgeted for the project management. Procedures for submittal of nutrition program income will be established with each individual provider.
- F. Subrecipient should develop a suggested contribution schedule for services. In developing such a schedule, subrecipient must consider the income ranges for older persons in the community. Means tests may not be used.
- G. No older person will be denied a service because the older person will not or cannot contribute to the cost of the service.

### **III. EFFECTIVE DATE**

This policy is effective immediately and shall remain in effect until modified or replaced by the Southern Mississippi Planning and Development District Area Agency on Aging.
